

PARTNER EVENT 2021

MULTI POLICIES

MULTI POLICIES

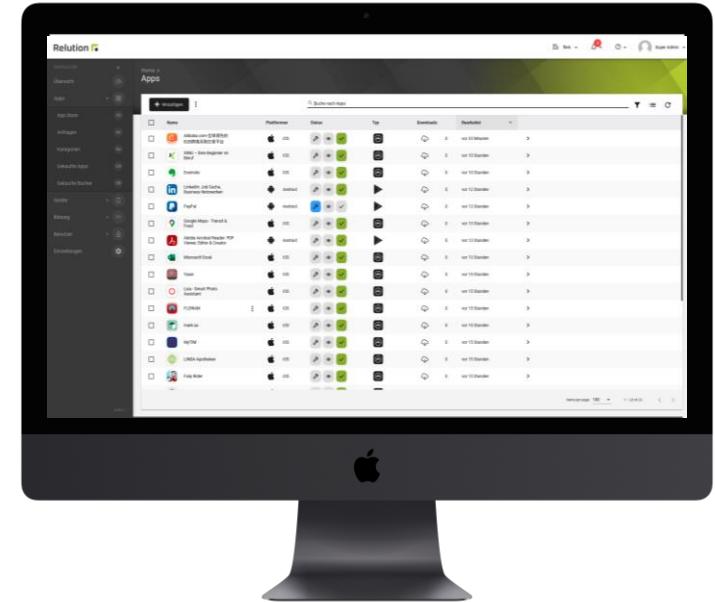

BACKGROUND

Herausforderung

Oft gibt es viele Gemeinsamkeiten bei der Konfiguration für Geräte, auch für unterschiedliche Zielgruppen oder Einsatzzwecke. Aktuell müssen diese trotzdem pro Richtlinie separat gepflegt werden.

Lösung

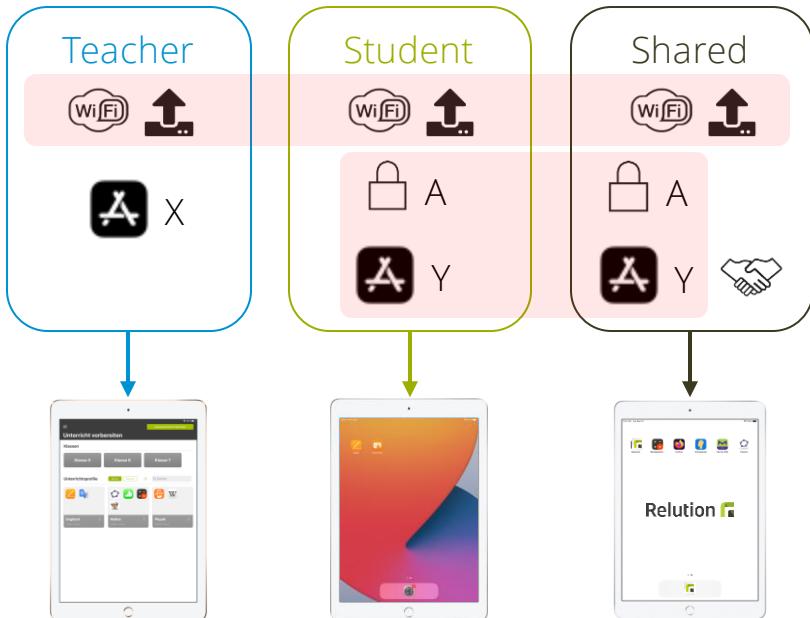

Mit Relution 5 ist es möglich, Geräten mehrere Richtlinien zuzuweisen. So können gemeinsame Konfigurationen einheitlich definiert werden.

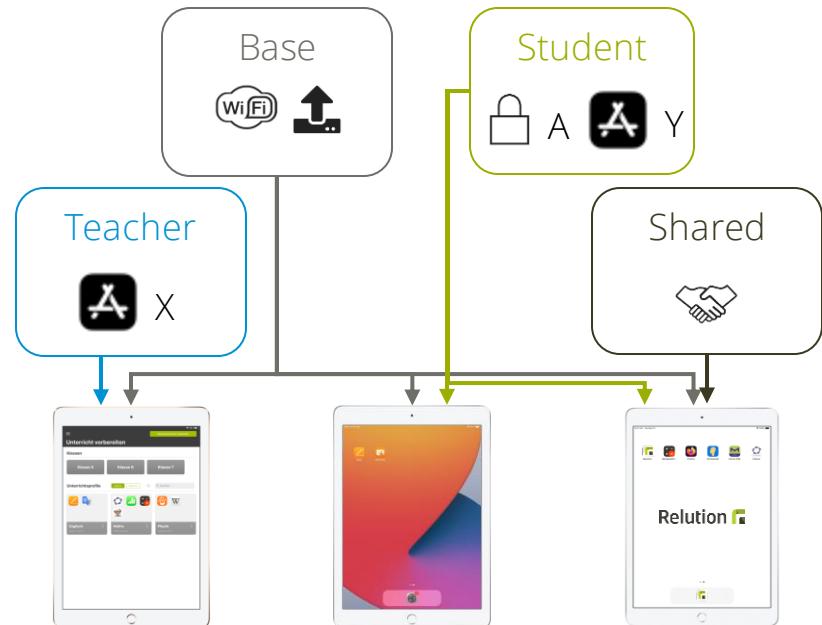

MULTI POLICIES

VORHER - NACHHER

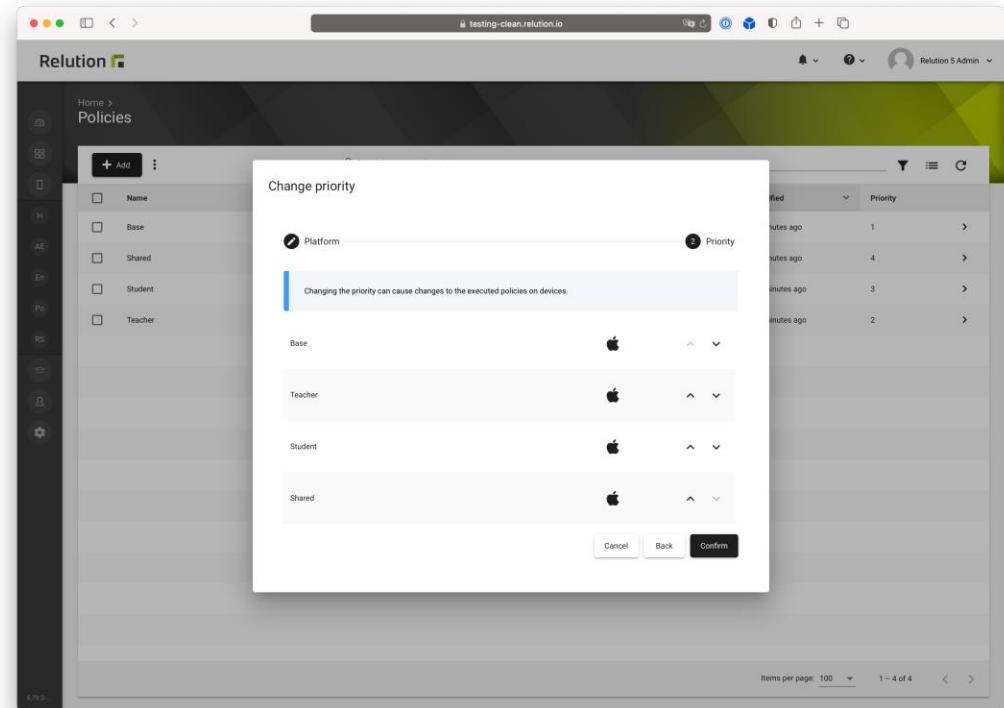

Relution 4 – Single Policy

Relution 5 – Multi Policies

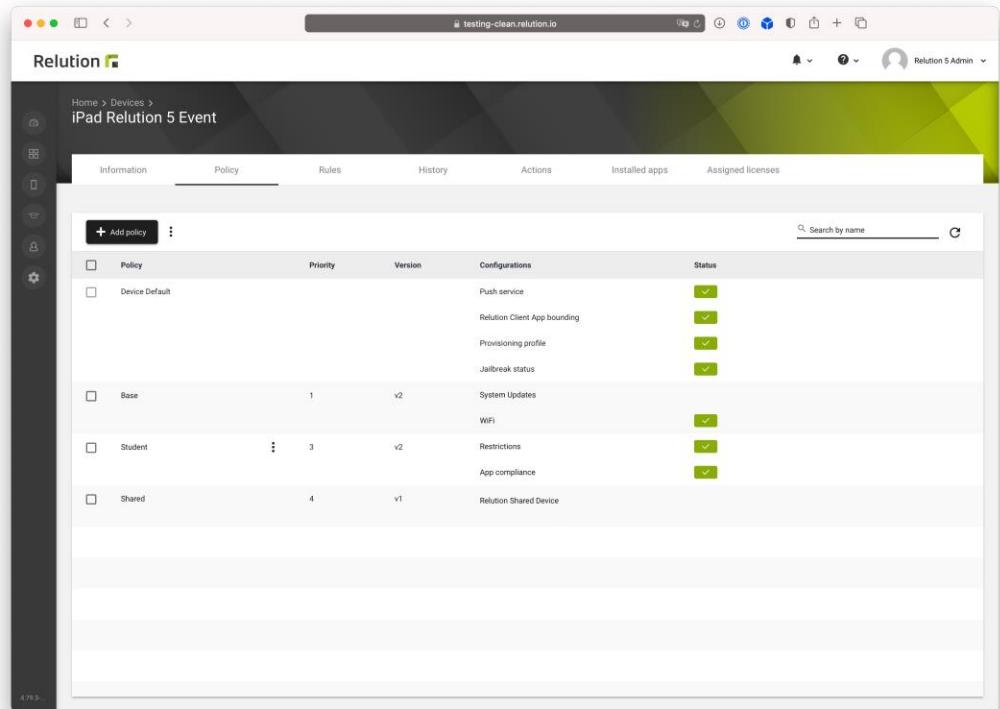

- Reihenfolge definieren per Plattform
- Einzel-Konfiguration:
erste in der Reihenfolge
- Multi-Konfiguration:
alle Konfigurationen

DEVICE POLICY INFORMATION

- Gerätecompliance
- Compliance pro Policy
- Alle Konfigurationen

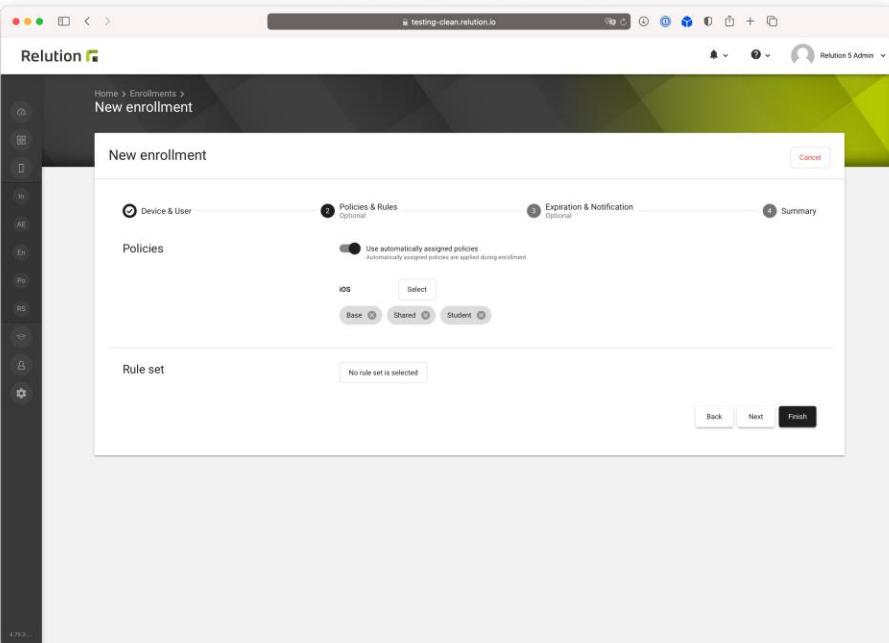

The screenshot shows the Relution Device Policy Information interface. The top navigation bar includes Home, Devices, iPad Relution 5 Event, and tabs for Information, Policy, Rules, History, Actions, Installed apps, and Assigned licenses. A search bar at the top right allows searching by name. The main content area displays a table of policies:

| Policy | Priority | Version | Configurations | Status |
|----------------|----------|---------|--|--|
| Device Default | | | Push service Relution Client App bounding Provisioning profile Jailbreak status | ✓ ✓ ✓ ✓ |
| Base | 1 | v2 | System Updates WiFi | ✓ ✓ |
| Student | 3 | v2 | Restrictions App compliance | ✓ ✓ |
| Shared | 4 | v1 | Relution Shared Device | |

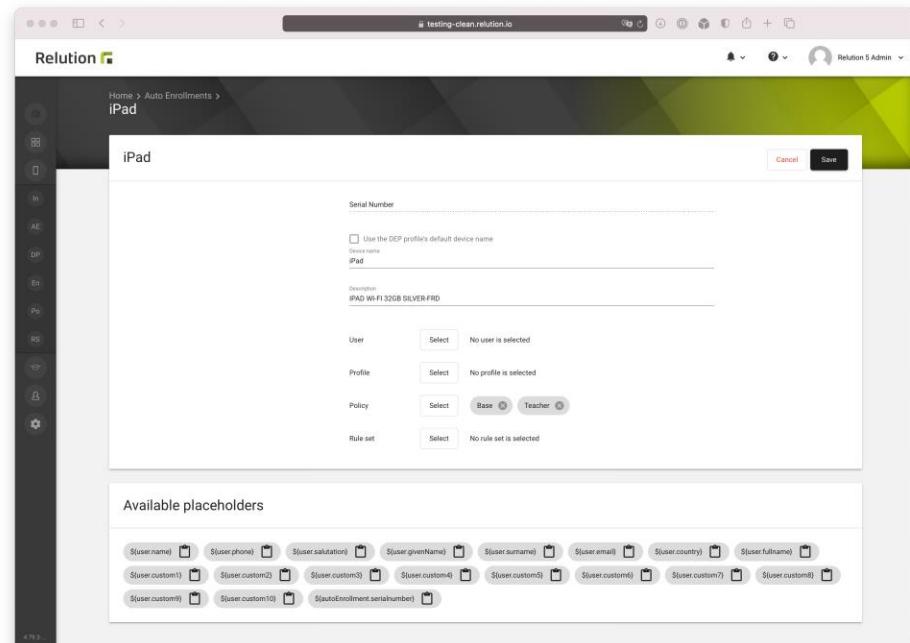

MULTI POLICIES

(AUTO-)ENROLLMENT

Relution 

The screenshot shows the 'New enrollment' wizard on the Relution platform. The current step is 'Policies & Rules' (Optional). The 'Device & User' tab is selected. Under 'Policies', there is a note: 'Automatically assigned policies are applied during enrollment'. Below this, there are three radio button options: 'Base' (selected), 'Shared', and 'Student'. A 'Select' button is available to choose a specific policy. The 'Rule set' section shows 'No rule set is selected'. At the bottom are 'Back', 'Next', and 'Finish' buttons.

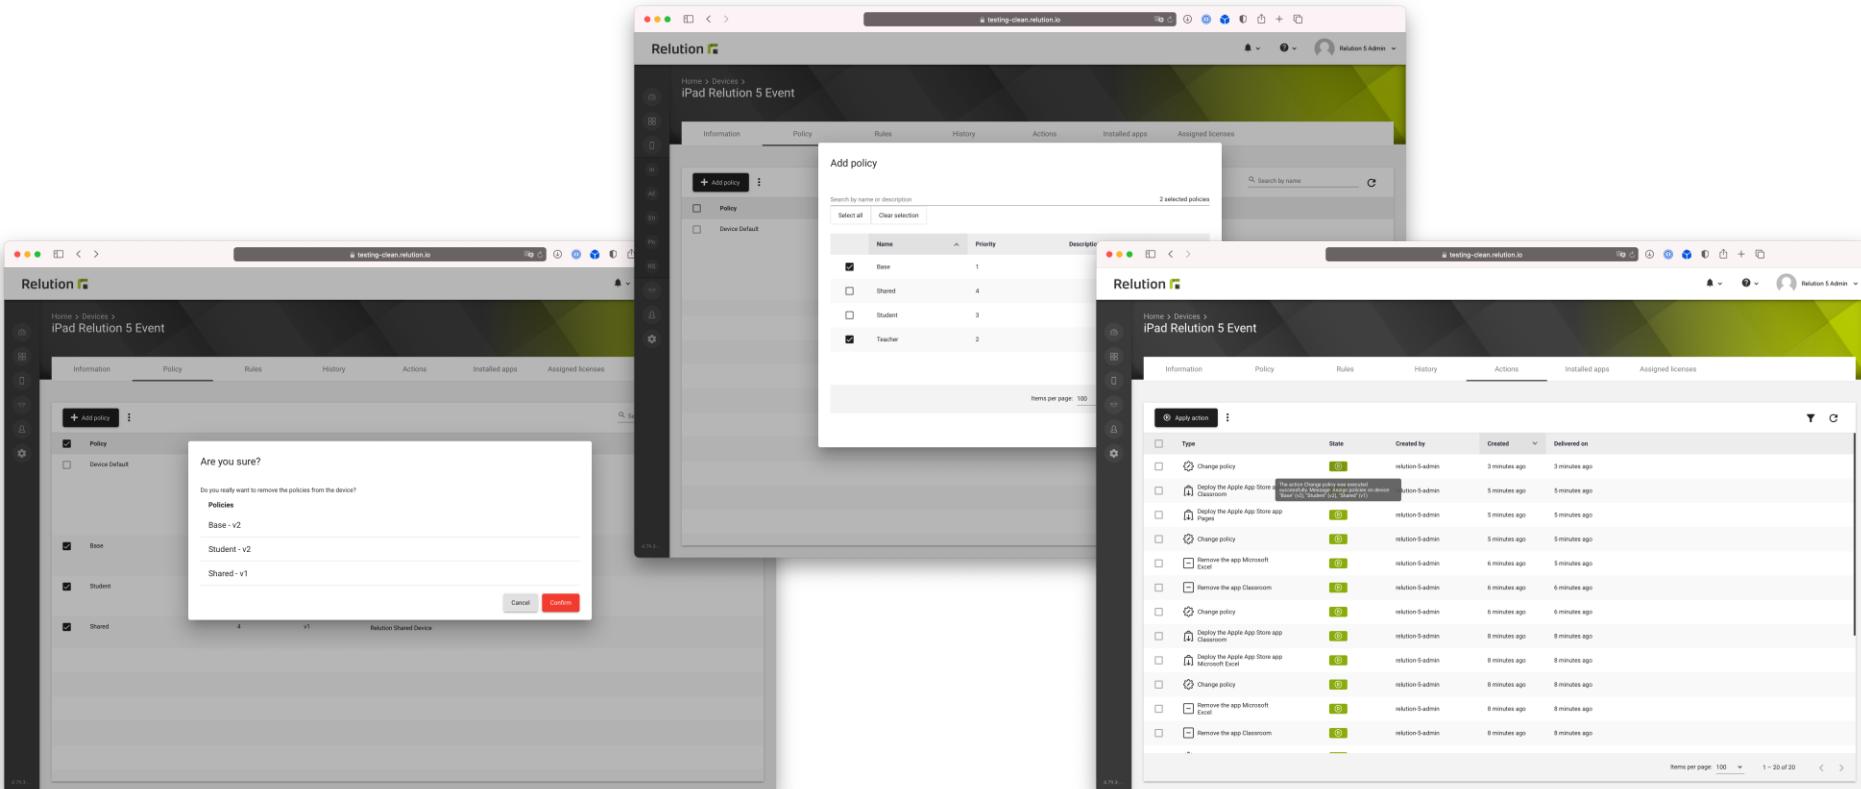

The screenshot shows the 'Auto Enrollments' configuration for an iPad. The device name is 'iPad'. Under 'Serial Number', there is a checkbox for 'Use the DEP profile's default device name' which is checked, and the value 'iPad' is listed. The 'Description' field contains 'IPAD Wi-Fi 32GB SILVER-FRD'. The 'User' section shows 'No user is selected'. The 'Profile' section shows 'No profile is selected'. The 'Policy' section shows 'Base' selected. The 'Rule set' section shows 'No rule set is selected'. At the bottom is a 'Save' button. Below the main form, there is a section titled 'Available placeholders' listing various user variables.

MULTI POLICIES

USER INTERFACE

The image displays three screenshots of the Relution user interface, illustrating the management of multiple policies and their deployment history.

Screenshot 1: Policy Selection Dialog

A modal dialog titled "Add policy" shows a list of policies available for selection:

| Name | Priority | Description |
|---------|----------|-------------|
| Base | 1 | |
| Shared | 4 | |
| Student | 3 | |
| Teacher | 2 | |

Screenshot 2: Policy Selection Confirmation

A confirmation dialog asks, "Are you sure? Do you really want to remove the policies from the device?" It lists the selected policies:

- Policy
- Device Default
- Base - v2
- Student - v2
- Shared - v1

Screenshot 3: Deployment History

A table titled "Apply actions" shows the deployment history of various policies and actions:

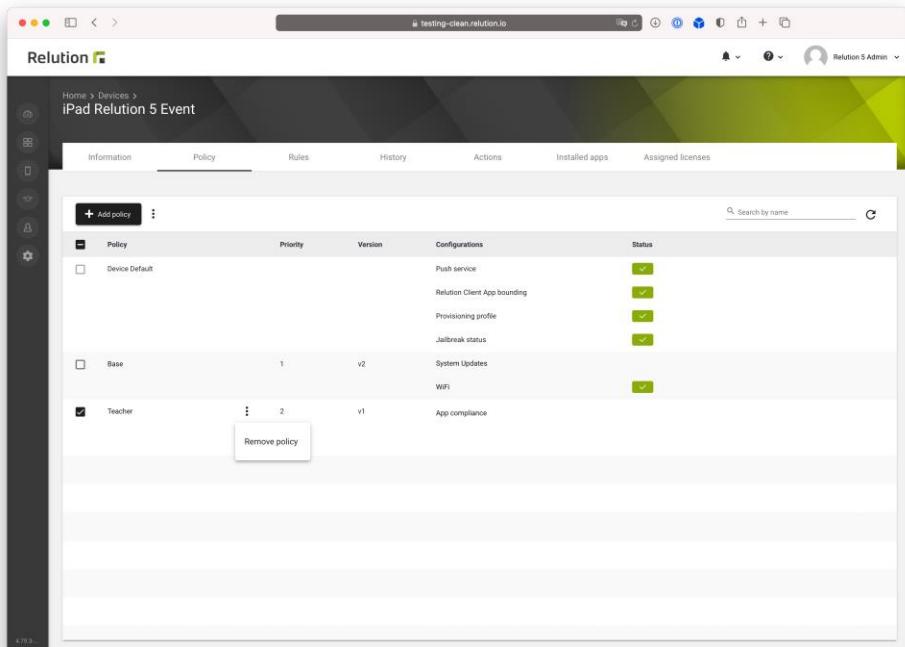

| Type | State | Created by | Created | Delivered on |
|--|---------|----------------|---------------|---------------|
| Change policy | Success | relution-admin | 3 minutes ago | 3 minutes ago |
| Deploy the Apple App Store Classroom | Success | relution-admin | 5 minutes ago | 5 minutes ago |
| Pages | Success | relution-admin | 5 minutes ago | 5 minutes ago |
| Change policy | Success | relution-admin | 5 minutes ago | 5 minutes ago |
| Remove the app Microsoft Excel | Success | relution-admin | 6 minutes ago | 5 minutes ago |
| Remove the app Classroom | Success | relution-admin | 6 minutes ago | 6 minutes ago |
| Change policy | Success | relution-admin | 6 minutes ago | 6 minutes ago |
| Deploy the Apple App Store app Classroom | Success | relution-admin | 8 minutes ago | 8 minutes ago |
| Deploy the Apple App Store app Microsoft Excel | Success | relution-admin | 8 minutes ago | 8 minutes ago |
| Remove the app Microsoft Excel | Success | relution-admin | 8 minutes ago | 8 minutes ago |
| Remove the app Classroom | Success | relution-admin | 8 minutes ago | 8 minutes ago |

A tooltip on one of the rows indicates: "The action 'Change policy' was received from 'Relution Admin'. A new policy 'Teacher' has been applied to device 'iPad Relution 5 Event'."

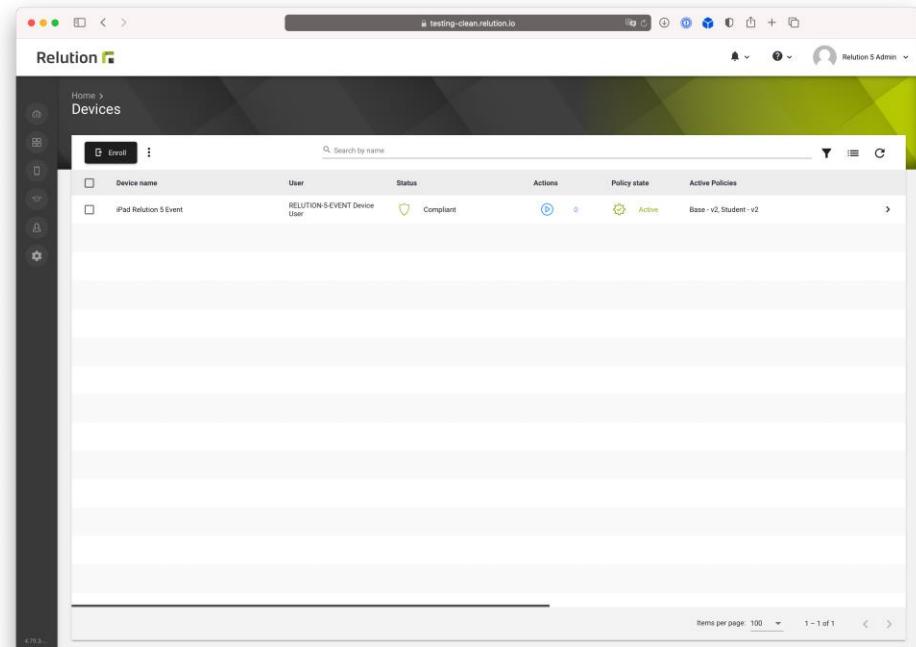

MULTI POLICIES

USER INTERFACE

Relution 

The screenshot shows the Relution user interface for managing policies. The top navigation bar includes links for Home, Devices, Policy, Rules, History, Actions, Installed apps, and Assigned licenses. The main content area is titled "iPad Relution 5 Event". It displays a table of configurations under the "Policy" tab, with columns for Policy, Priority, Version, Configurations, and Status. The table includes rows for "Device Default" and "Base". A "Teacher" policy is selected, indicated by a checked checkbox. A "Remove policy" button is visible at the bottom of the table.

The screenshot shows the Relution user interface for managing devices. The top navigation bar includes links for Home, Devices, Policy, Rules, History, Actions, Installed apps, and Assigned licenses. The main content area is titled "Devices". It displays a table of devices with columns for Device name, User, Status, Actions, Policy state, and Active Policies. One device, "iPad Relution 5 Event", is listed with the status "Compliant". The bottom right corner of the screen shows pagination controls: "Items per page: 100" and "1 - 1 of 1".

AUTO ASSIGNMENT

- Automatische Zuweisung bei Einschreibung
- Alle Geräte oder bestimmte User bzw. Gruppen

The screenshot shows the Relution Policies management interface. On the left, there's a sidebar with various icons. The main area has a header "Relution" and "Policies". Below the header is a search bar "Search by name or description". A table lists four policies:

| Name | Description | Platform | Automatic assignment | Status | Modified | Priority |
|---------|-------------|----------|----------------------|--------|-------------------|----------|
| Teacher | | Apple | A group or user | | a few seconds ago | 2 |
| Base | | Apple | Any device | | a few seconds ago | 1 |
| Student | | Apple | A group or user | | 2 minutes ago | 3 |
| Shared | | Apple | | | 6 hours ago | 4 |

At the bottom right, there are pagination controls "Items per page: 100" and "1 - 4 of 4".
